

CommunitiCam

URGENT

Dear Pomona Ext 3 Resident:

As you are aware, crime is on the increase in our area, such as 76 SAPS cases recorded in Pomona from Jan - Feb 2018 alone. As a community, we need to implement measures to proactively prevent and fight this crime for the sake of our families, valuables and neighbours. CommunitiCam is a community based 24/7 video surveillance system, providing residents with the opportunity of proactively and remotely monitoring the streets or your surroundings, directly from your mobile or pc, to assist in preventing crime.

We have designed an affordable yet advanced system specifically for Pomona Ext 3 with the aim of preventing crime before it happens. This system includes:

- 78 cameras to provide 100% coverage of the Pomona Ext 3 streets (please see the map on the next page)
- License Plate Recognition technology to alert us when a suspicious/stolen vehicle enter/exits any of the 6 entry points
- 24hr battery backup (as we know the power is bound to go out again, yet we still need eyes in the streets at these times, especially when its dark)
- Long distance night vision
- Very high-quality video and picture images
- 2 weeks' worth of 24hr video footage from all cameras for investigations
- Easy to use apps for all ages
- Instantly capture and share images of anything suspicious from your phone onto the local crime groups
- Low cost infrastructure, specifically for Pomona Ext 3
- Many more features

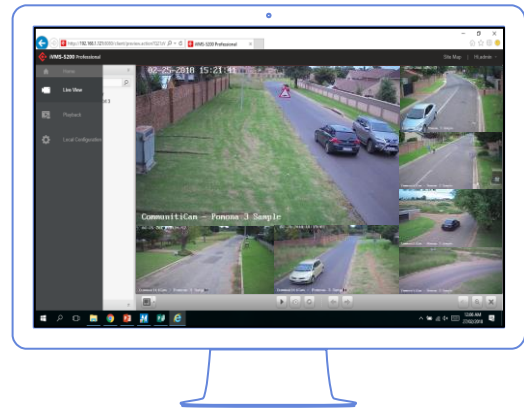

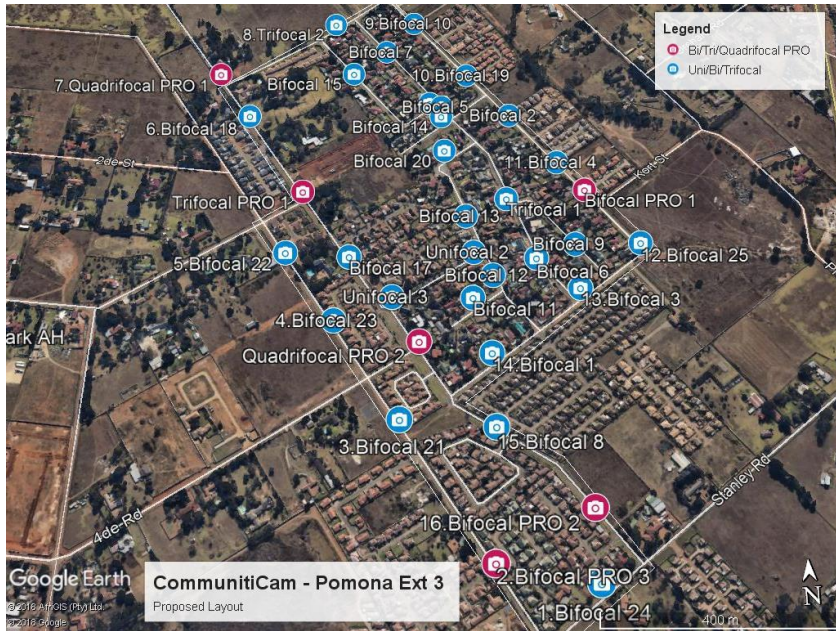

For a monthly membership of R299 inc vat, with 40% interested households in Pomona Ext 3 signing up, we would be able to implement, maintain and support this project in our area. If you, like most of us concerned for our safety, are interested in this concept, please consider the following:

- Contact me for more information, via phone, email, SMS or WhatsApp
- Go to www.communiticam.co.za/pomona3.html, click on "I'm Interested" and fill in the quick survey
- Attend one of the 1hr sessions whereby I present this concept in detail to you at:
 - Dutch Reformed Church, Corner West and 4th Str, Pomona
 - Same location as the IEC registrations recently

Tuesday 20 th March	Thursday 22 nd March	Saturday 24 th March	Monday 26 th March	Wednesday 28 th March
19:00 - 20:00	19:00 - 20:00	9:00 - 10:00	19:00 - 20:00	19:00 - 20:00

By following one of the 3 options above, we would then be able to keep in contact with you to provide updates on the project status for our area. If we reach the 40% interested households target, we will then contact you again to sign you up as a member and implement the system. We currently have cameras installed in Dreyer Ave as part of the feasibility study for our area which has proved beneficial in the area already.

Below is some info and samples of the coverage we are planning for Pomona Ext 3:

Thank you, we look forward to hearing from you!

Sincerely,
Greg Lock - CommunitiCam
